MANUAL CHAIN HOIST

Characteristics:
- Capacity ranges from 0.25 to 40 T.
- Automatic brake for upper and lower stopping position.
- Double trolley protection.
- Light weight impact construction.
- Low deflection in elimination base.
- Extra box section is four side steel.
- Fully forged hooks are chrome with safety latches as standard.
- Galvanized hooks are optional.
- The hook is made of high grade steel chain with 11 links.
- Supplied with T.C. standard Electric 20/40/80/350, Machines.

MANUAL LEVER HOIST

Characteristics:
- TOYO lever hoist is a conventional hoist for frequently and lining in one direction.
- The lever type Boso hoist features compact design and robust, deep drawn, stamped steel construction.
- High quality materials ensure light weight without sacrificing reliability.
- Additional two sides, rolling chain, and steel angle bar.
- Drop forged hooks are fitted with safety latches as standard.
- The back plate can be adjusted to work through the hoist in both directions to attach the base or tension the chain.
- The fixed base has a wide range.
- Hardened lever arms with high impact resistance of roller.
- Drop forged composition & dual hooks are made standard.
- The back plate is fitted with high grade steel chain with 11 links.
- Supplied with T.C. standard Electric 20/40/80/350, Machines.

MANUAL PUSH TROLLEY

MANUAL GEAR TROLLEY

MANUAL GEAR TROLLEY

Characteristics:
- Vertical hoist possesses vertical lifting motion.
- The lever type Boso hoist features compact design and robust, deep drawn, stamped steel construction.
- High quality materials ensure light weight without sacrificing reliability.
- Additional two sides, rolling chain, and steel angle bar.
- Drop forged hooks are fitted with safety latches as standard.
- The back plate can be adjusted to work through the hoist in both directions to attach the base or tension the chain.
- The fixed base has a wide range.
- Hardened lever arms with high impact resistance of roller.
- Drop forged composition & dual hooks are made standard.
- The back plate is fitted with high grade steel chain with 11 links.
- Supplied with T.C. standard Electric 20/40/80/350, Machines.
